

# Solar Panel

## Mono Solar Panel

### Features

Positive tolerance

High module efficiency

Strong compressive strength

High manufacture standards

International Management System

Fire test approved

Excellent performance under extreme condition

Reliable quality forever

### Leading Warranty in PV Industry

- 25 year transferable power output warranty: 10 years / 90%, 25 years / 80%
- Linear performance warranty from MUST Power
- 12 year material and workmanship warranty
